A message from the president

"At Broadway we strive to give the client the best product possible within budget while meeting critical deadlines. Our experience with fast track construction projects has allowed us to win contracts in a highly competitive market. Our officers and staff are committed to mentoring and working with subcontractors to succeed in high quality work in the public and private sector"

John R. Oehler

John R. Oehler
President/CEO

Co-founder of the company in 1984, has successfully managed major electrical and construction projects since the company's inception to become one of Chicagoland's leading electrical contractors. Licensed and registered supervising Electrician. Remains personally involved with each ongoing project.

We guarantee our customers full attention to their projects, effectively satisfying their needs.

Broadway Electric Inc. has the power to meet all your electrical needs.

Knickerbocker Hotel, Historic Renovation

Deerfield Metra Station, Historic Renovation

Key Deliverables

- Continuous Improvement Process, Productivity, and Technology.
- On time, Quality Results.
- Problem Solving Focus.

Whitney Young Magnet High School

"The electrical foremen on the job have been outstanding, and should be commended for the manner in which they have supervised their workers."

-Joyce Kenner, Principal, Whitney Young High School

SBC DataComm / Ameritech

"The principal was very pleased with the work that Broadway Electric has performed at the William Ray High School, It was a pleasure to speak with a customer that was so satisfied."

- Audrey Studley, Sr. Project Manager,
SBC / DataComm/Ameritech Chicago Public Schools
Capital improvement program for LAN upgrades.

Kennedy King College

"John and his company were major contributors in the successful completion of the New Kennedy-King College (KKC) located in Chicago, IL. Broadway Electric was the electrical subcontractor for the most complex building on campus."

- **August Mitchell**, Project Director at Kennedy King College

Metra Main Headquarters

"Metra's Engineering Department was extremely concerned about the quality control of any contractor that would be awarded this project. Broadway not only withstood METRA'S quality management plan, but was professional, neat and courteous in working with our staff in a fully-occupied building."

- **Wes Szurla**, Director Metra Electrical/Mechanical Engineering Department

Broadway Electric is committed to the following six values in all our daily activities:
Honesty • Trust • Credibility • Loyalty • Adaptability • Results

Midway Parking Terminal Development Program

"Broadway Electric performed this project in an outstanding manner and kept up with our aggressive construction schedule. Their work and management of the project was very professional."

- **Anthony Aiello**, Concrete Structures, General Contractor for the Midway Parking Terminal.

Typical switchboard installation at Midway parking terminal development program.

Broadway Electric exists to develop and manage diverse electrical work opportunities in the public and private sectors by establishing long lasting partnerships with customers through exceptional performance of all team members.
